

# Public consultation

## Round 2

**24 May to 4 July 2021**

**Unlocking rail capacity through Ely**

We are consulting on options in the Ely South area to increase rail capacity, improve connectivity, provide a potential uplift in passenger services and support the rail freight industry.

Network Rail is set to launch a second round of consultation on potential options to increase rail capacity through Ely as part of the EACE programme. Network Rail will be inviting the public to comment on the potential options to increase rail capacity in the Ely South Area.

## How to have your say

Owing to the current Coronavirus situation, we are conducting this second round of public consultation via our website: [networkrail.co.uk/Ely](https://networkrail.co.uk/Ely)

We want your feedback to help us select the preferred options to take forward. You can submit your views by completing our online survey, plus there'll be an opportunity for you to put your questions to our team via our live webchat facility on the website at specific times during the consultation period.

## Get in touch

We will also be available to answer questions and log your feedback through our consultation hotline on **0800 160 1780** at the following times:

### Consultation phone line available between 25 May and 5 June 2021

Tuesday, Thursday and Friday	14:00 – 17:00
