

Public consultation

Round 2 (Part 2)

18 October to 28 November 2021 Unlocking rail capacity through Ely – options in the rest of Ely

During the summer we consulted on options in the Ely South area that will help to increase rail capacity through Ely, providing better connectivity to key destinations, improving reliability and supporting the rail freight industry. We are now consulting on options in the rest of Ely.

In the summer Network Rail invited comments on options in the Ely South area to increase rail capacity as part of the Ely area capacity enhancement programme. This autumn Network Rail will be inviting the public to comment on the potential options to increase rail capacity in the rest of the Ely area.

How to have your say

We will be conducting this round of public consultation via our website: networkrail.co.uk/Ely

We want your feedback to help us select the preferred options to take forward. You can submit your feedback by completing our online survey. There'll also be an opportunity for you to put your questions to our team via our live webchat facility on the website at specific times during the consultation period.

Get in touch

We will also be available to answer questions and log your feedback through our consultation hotline on **0800 160 1780** at the following times:
